FOR MILLENERAND 762.0221/3.1759

Your 3394. Berlin contingency planning paper given British and French Embassies is same summary of discussions between December 11 and February 3 of which copies given you and Lampson for information just before departure. Additional copies being pouched. Our understanding was French and British Ambassadors would pouch copies to their FOMOFFS if they wished.

Text re coordination military measures is that proposed by US February 28 and reads as follows: QUOTE Recommendations for military measures, regardless of origin, will be referred to national Chiefs-of-State and thereafter coordinated tripartitely or NATO-wide as may be agreed, bearing in mind availability of military advisers in Washington UNQUOTE. Caccia agreed to this text but Alphand said he wished to refer to Government. Alphand has not yet informed us of French Government views.
